Geography/World
Studies**

RECAP

In July, we packed our month with excitement! We kicked off with a trip to Milam Park Pool and a fun-filled trip to Stars & Strikes for bowling and arcade games. We then cooled off at Six Flags White Water, enjoying the water attractions and thrilling rides. A tour of Mercedes-Benz Stadium gave the kids a behind-the-scenes look at the impressive venue. The Star-C Showcase at Bold Monk Brewing Co. was another highlight. Our classroom explored themes of animals, nature, and adventure, and we ended the month with a festive birthday party celebrating July birthdays.

TWINKLING RESOURCES

Breakthrough Atlanta offers tuition, free summer programming for middle school and high school students
