

# THE NORTH STAR

WILLOW BRANCH - SEPTEMBER 2024

## RECAP

In August, our after-school program kicked off the year with an engaging geography theme focused on the 50 states. Students explored each state through interactive maps, creative arts and crafts, and fun trivia. We celebrated August birthdays with a special party featuring cake, and personal highlights from the birthday kids. As we move into September, we'll expand our studies to exploring all things fitness and nutrition.
